ADD DIMENSION TO YOUR SOCIOLOGY RESEARCH...

Thesaurus of Sociological Indexing Terms – 5th Edition, 1999

New! FROM THE PUBLISHERS OF *SOCIOLOGICAL ABSTRACTS*

Whether you're a sociology researcher, a student of sociology or an information professional, you'll find the *Thesaurus of Sociological Indexing Terms* an indispensable tool for all your research needs.

The new Thesaurus contains more than 4,000 main terms arranged alphabetically.

- **Each entry** is displayed with its broader, narrower, and/or related terms.
- **Scope Notes** provide brief definitions or suggested uses of terms.
- **History Notes** indicate dates when terms are added or deleted and link current variants with those used in previous systems.
- **Rotated Descriptor Display** lists terms in alphabetical order by each meaningful component.
- **"Use" and "Used For"** entries point to the most precise and specific descriptors for the topics at hand.
- **Descriptor Term Clusters** let you examine a predetermined conceptual grouping for widely researched topics such as: Sociological Theory, Sociological Practice, Gender & Women's Studies, Family, Research Methods & Statistics, Labor, Education, Law & Crime, Science & Technology, Business, Health & Medicine.
- *Only $85 (including postage and handling).*
